

THE JUNIOR STATESMEN FOUNDATION 2010 SUMMER SCHOOL AT PRINCETON

COMMUNICATION

Junior State is committed to responding to parents in a prompt and effective manner throughout the program. The summer school office phone number should be the first point of contact in all cases unless there is an emergency or a personal matter that you would like to discuss with one of the summer school directors. E-mail is the preferred method of communication with directors in all cases except emergencies. Parents will also receive the cell phone number of their child's RA during the first week of the program.

Summer School Office Phone Numbers
