FAQ Page for Young Women's Leadership Institute

**Application**
The institute applications can be reached [here](#).

No transcripts or letters of recommendations are needed for Summer Institute applications.

**Age Group**
For our Summer Institutes, the material is primarily aimed for 10th-12th graders. The youngest group who can sign up for the institutes are rising 9th graders.

**Orientation**
A student/parent orientation will take place on Monday, July 6th from 5:30-6:30pm PDT. An overview of the institute will be shared and there will be a place for questions and answers.

Attendees should pre-register using [this link](#). If fewer than 10 attendees pre-register by 24-hours before, then the orientation will not be held. We will notify attendees who have already pre-registered if this is the case.

The orientation will be recorded but we strongly encourage student participants and their parents/guardians to attend live.

**Time Commitment**
The Young Women's Leadership Institute (YWLI) will run from July 8th-August 5th, 2020.

There will be a combination of set class time meetings and individual work to be completed independently between meetings. Our set class times will tentatively be from 1pm - 3pm PDT on Mondays and Wednesdays (7/8, 7/13, 7/15, 7/20, 7/22, 7/27, 7/29, 8/3, 8/5). Other class meetings may be scheduled and participants will be notified of these via GoogleClassroom.

**Virtual Learning**
GoogleClassrooms will be the platform for our virtual Summer Institute. Students will be added to the GoogleClassroom one week before the institute begins. All class materials and communication will be shared here.

It is expected that students participate actively on GoogleClassroom completing assignments and contributing to discussions in a timely manner.
Participation and Assignments

Even though we are meeting virtually, active participation from all members is necessary and expected. Although assignments will not be graded, students are required to submit 90% of all required assignments and participate in 90% of scheduled class activities in order to successfully complete the program. Students who do not, will not be able to participate in organized completion activities.

If there are five days of non-participation in the class (i.e. not attending set class time or completing assignments) students will be dropped from the institute without a refund.

Refund Policy
None unless extenuating circumstances. No refund will be offered once the institute has begun on July 8th.
